

# Year 2 Curriculum Newsletter

## Summer 1

### PSHE

We are learning about what makes us unique and how we can celebrate each others differences. We will be exploring what it means to be part of a community and what our rights and responsibilities are within our community.

### Phonics

We will be recapping and introducing new sounds from the extended code, looking at how different sounds can be spelt, how different spellings can sound and how we use these.

### Music

We will be learning to sing and perform a song about friendship. We will also be learning to sing a variety of songs about the Great Fire of London ready for our year group assembly.

### Reading

### Art and DT

In Art we will be looking at African patterns and making African masks.

In DT we will be looking at African Jewellery worn by Maasai tribes and will be making our own traditional African necklaces.

### Maths

We are learning about fractions and telling the time to o'clock, half past, quarter to and quarter past.

### Writing

We will be writing a persuasive letter to George to buy our medicine for Grandma. We will then write our own version of the story where we will change what happens to Grandma when George gives her the medicine.

### Computing

We are learning about making music using 2Sequence on Purple Mash on the I pads. Children will then learn to edit their music.

### PE

We will be practicing our athletics skills and completing fitness circuits.

### History

We are continuing our learning around the Great Fire of London and will be looking at how we know the fire happened. We will be learning about Samuel Pepys and his diary. We will also have a visit from Sandy fire service!

### Geography

We are learning about life in Kenya and comparing it to life in Sandy. We will be looking at weather and climate, animals, city life in Nairobi and landmarks.

### RE

We are learning about how we can show we care for others and why does it matter.

### Science

We are learning about how plants grow and what they need to grow and stay healthy. We will be planting our own seeds and observing their growth.
