

# Year 4 Curriculum Newsletter

## Spring 2

### PSHE

We are learning about money and responsible lending and borrowing. We will also look at advertising and where money comes from as well as the different ways to pay.

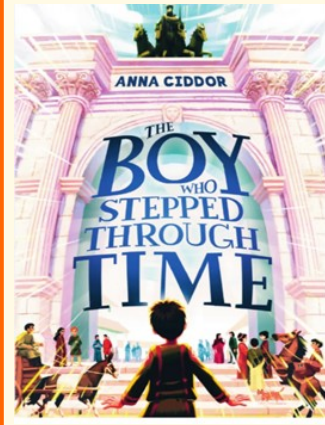

### French

We will be learning about where in the world French is a spoken language and how to say where a country is in relation to the equator.

### Music

We will be learning the song Lean on Me and listening to and appraising a variety of other music from other genres.

### Reading

### Art

In art we will be creating our own set of knucklebones that we can play in the same way as ancient Romans would have. We will use clay to create them and then paint them.

### Maths

We are learning about Fractions. We will be find the whole as well as adding and subtracting fractions. We will also be learning about decimals and linking these to fractions in finding tenths of numbers.

### Writing

We will be writing a diary entry as the character Perry on his journey back to Roman times followed by instructions on how to make and play the Roman game knuckle bones.

### Computing

We are learning about writing for a purpose and considering our audience. We will look at a variety of fonts and texts such as newspapers and consider how changing these would benefit the intended audience.

### PE

We will be completing boxercise and using boxercise to keep fit. We will also be practising our striking and fielding skills out on the field.

### History

We are learning about the Romans. We will look at the spread of the Roman empire and how this invasion impacted life in Britain. We will also compare Celtic warriors and look at the importance of Boudicca's revolt.

### Geography

We are learning about Italy. We will also be locating rivers, mountains, coastlines and cities within European countries using an Atlas.

### RE

We are learning about the Easter story and what this means to Christians. We will be retelling the Easter story and visiting our local church for the story trail of Easter for an immersive experience.

### Science

We are learning about Electricity and how to make circuits. We will be investigating what makes a good conductor and insulator and create a variety of circuits with various functions such as buzzers and motors.
