Summer 2

PSHE

We will be looking at how regular exercise benefits our mental and physical health. Recognise that our feelings can change over time and how everyday things can effect us and what makes a healthy balanced diet.

Spelling

Using the prefix sub
Revision of ous and ly suffixes
Revision of ture and ion suffixes
Revision of ch making the K sound and ch making the sh sound
Revision of ion and ian suffixes
Revision of homophones
Revision of dis and im prefixes

PE

This term we will be swimming! We will be working on swimming for 10m on both the front and back. Using the correct arm and leg movements for breast stroke. As well as improving our water confidence.

Reading

D and T

We will be making and designing a London based photo frame, selecting the correct wood, measuring, cutting and joining to make their frame. They will then evaluate their completed frames.

Maths

We will continue with Time and then move onto learning about Shape, angles and Statistics

Writing

We will be writing a recount of our trip to London. We will then be writing a diary entry and a persuasive letter based on our new book Anna at War.

Computing

We will be learning about Simulations, Graphs and using PowerPoint to plan a presentation.

Music

In music we will be learning the song *Bringing us together* this is a disco song about friendship, hope and unity. We will also be listening to and appraising songs in a similar genre.

History

We are continuing with our WW2 topic. We will be building an air raid shelter in forest school, creating propaganda posters, learning about the roles and responsibilities of the armed forces and planning our own VE Day celebration!

Geography

We are continuing our London and Rovers topic. We will be looking at different settlements and land use in London. How London is divided and looking at London Bridges. We are also going to London and then presenting our learning to the class.

RE

We will be learning the different aspects of Islam and what festivals are celebrated. We will also learn about why prayer and mosques are so important to Muslims.

Science

This term our new topic is light. We will be learning why light is needed to be able to see, how shadows are formed, why the moon appears as different shapes and why shadows change during the day.
